INDIAN SCHOOL AL BURAIMI

PRESIDENT'S MESSAGE

SHAHEEN .K.K - President, SMC

Dear Students and Parents,

I am delighted to announce the release of our school magazine, which is a testament to the hard work and dedication of our students, teachers, and parents. As the school management committee president, I would like to extend my heartfelt appreciation to all of you for your unwavering cooperation and continuous support.

This year's magazine showcases the incredible talent, creativity, and achievements of our students, who have once again exceeded our expectations with their exceptional academic and extracurricular performances. The magazine truly reflects the hard work and commitment our students have put in over the past year.

I would also like to thank our dedicated teachers, who have gone above and beyond in guiding and mentoring our students. Their tireless efforts and commitment to excellence have played a significant role in shaping the future of our students.

Finally, I would like to express my gratitude to our supportive parents, who have been integral to our school community. Your unwavering support and encouragement have helped us create an environment that fosters learning and growth.

I hope that you enjoy reading our school magazine and appreciate the incredible achievements of our students. Thank you once again for your support, and I look forward to continuing to work together to make our school the best it can be.

Best Regards,

Shaheen K.K
President,
S.M.C

PRINCIPAL'S MESSAGE

SANTHA KUMAR DASARI - Principal

Dear Students and Parents,

It is with great pleasure that I write this message for our school magazine. As principal, I am thrilled to see the continued success and growth of our school community, and I believe that our school magazine has played an important role in achieving that success.

The school magazine is more than just a collection of articles and photos; it is a reflection of the creativity, hard work, and dedication of our students and staff. Through the magazine, we are able to showcase the talents of our students, highlight important events and achievements, and provide a platform for our community to come together and celebrate our shared experiences.

The benefits of the school magazine are numerous. For our students, it provides an opportunity to develop their writing and communication skills, as well as a sense of pride and ownership in their work. For our parents, it offers a window into the budding talents of our students and for our staff, it is a chance to showcase their expertise and leadership, as well as to collaborate with colleagues across departments and grade levels.

I would like to take this opportunity to congratulate all of our staff members for their participation and guidance in producing the school magazine. Your hard work and dedication are truly appreciated, and you have played a critical role in making our magazine a success. I would also like to congratulate our students and parents for their efforts in contributing to the magazine. Your creativity, enthusiasm, and support have made the magazine a true reflection of our school community.

In closing, I want to encourage everyone to continue to support our school magazine and to take pride in the important role it plays in our school community. Together, we can continue to celebrate our shared experiences and achievements, and work towards building an even stronger school community.

Sincerely,

Santha Kumar Dasari
Principal

CLASS TEACHER'S MESSAGE

SATISH TRIPATHI - Class Teacher - Class VI

Dear students,

If we have to achieve our goal in life, then we have to be honest about our goal. Never give up in life, no matter how difficult the situation may come. We do not have to stop. If your will power is strong, then no power can stop you from achieving your goal. If we want to shine like the sun, first then one has to learn to burn like him. A loser never fails in life, he is unsuccessful, from the day he stops trying. So get up and keep moving forward in life until you achieve success. Believe is on "God", then whatever is written in your fortune, you will find it! But if you trust "yourself", then God will grant whatever you want.

Thank you.....

SNOW DAY

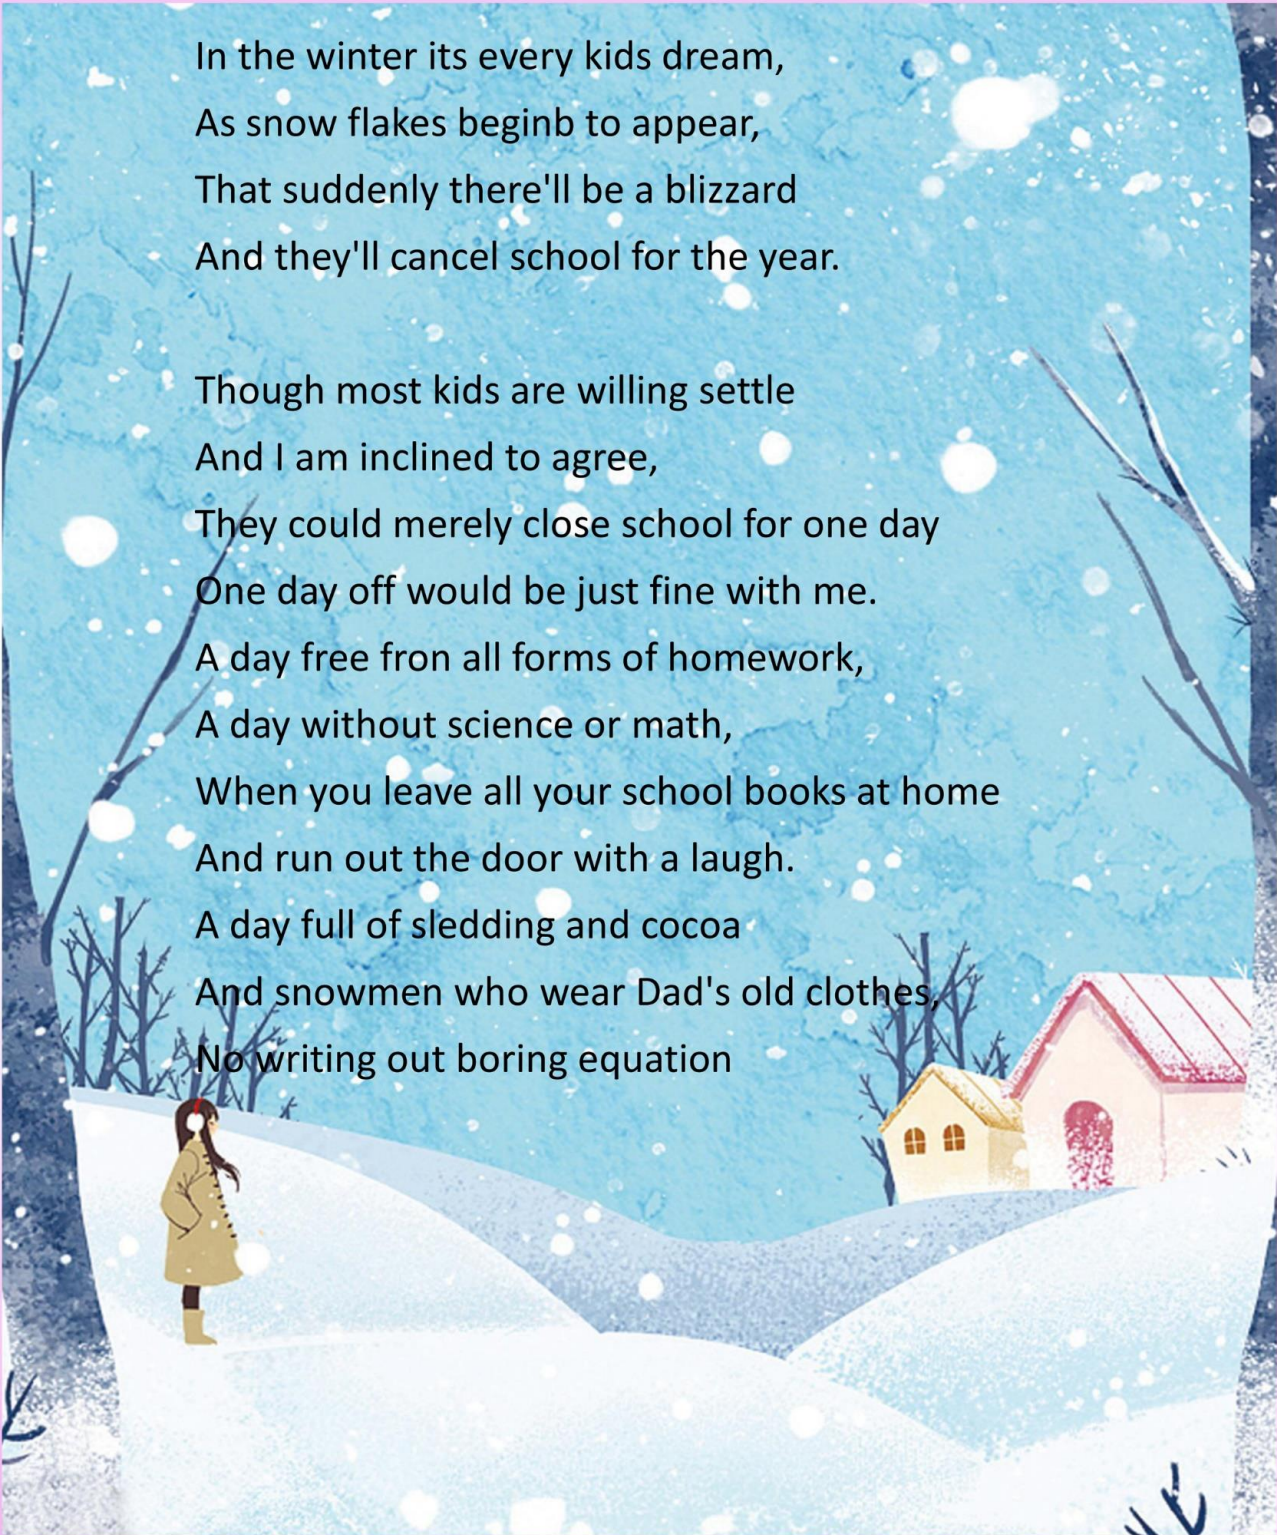

ANAAN SHANAVAS AZEEZ - Class VI

In the winter its every kids dream,
As snow flakes beginb to appear,
That suddenly there'll be a blizzard
And they'll cancel school for the year.

Though most kids are willing settle
And I am inclined to agree,
They could merely close school for one day
One day off would be just fine with me.

A day free fron all forms of homework,
A day without science or math,
When you leave all your school books at home
And run out the door with a laugh.

A day full of sledding and cocoa
And snowmen who wear Dad's old clothes,
No writing out boring equation

TRAVEL VLOG

ERIN JOE - Class VI

Travel takes us out of our comfort zones and inspires us to see, taste and experience new things. It constantly challenges us, not only to adapt to and explore new surroundings, but also to engage with different people. During my summer holidays we went on a five day trip with friends and family to Salalah. We started our journey in the morning at 8:00 am. On the way to Salalah we saw the beauty of wild deserts ,drizzling rains,mountains filled with greenery, camels and goats. We also stopped at some places for sightseeing. Since, it was a long journey we had to make some stops for water and food. We arrived at our destination at 11.00 am. Salalah was garnished with fascinating trees and plants. We reached the hotel that that we booked in Salalah and we entered our room. Then we took a shower and we slept. On our first day in Salalah we took our breakfast from a nearby hotel then we met our guide who assisted us in the whole trip .Our first destination was "TOMB OF AYUB". Where we first entered a mosque but I didn't enter inside because I had suffered from a fracture a few weeks ago and I was still recovering from it. Then the grown-ups went to a pond where apparently job had bathed when he got the skin disease.

Then, we went to a restaurant and had camel meat and many other exotic cuisines. After lunch we went to Wadi Dabat with its beautiful scenery filled with misty mountains, greenery and waterfalls. Then we went to Mughsail beach which had a blowhole. A blowhole is a hole from which water erupts. After enjoying the splash of the waves we went to ayn athum waterfalls. Where we played a lot. Then we went to our hotel and ended the enchanting day with some traditional mouth – watering Omani dishes. On the second day of our marvellous journey we first ate breakfast and then went to a hill top place with astounding view of the surrounding cities . There we also drank iced coffee which we bought from starbucks and then we went for lunch. After that we bought some kites and went to a area that had a natural pool we swam there for while and then we changed our clothes and laid down a tent then we flew our kites and had some fun. Then we went to place for boating in the lake that was used for boating and also had waterfalls. We then rented a boat and rowed it in the water and sang songs in the boat. After boating we went to drink some cold refreshing coconut water after that the grown ups went to a grand mall while the kids stayed in the apartment. When they came back we bathed and then slept. The next day or the third and final day of our trip in Salalah was the most astonishing day we ever had in Salalah first as usual we ate breakfast and then we went to a mountain called Jebel Simhan after reaching the peak everyone was astonished at the phenomenal view of the other cities from the mountain. Then we went to a ground where we could ride motorcycles and drifting. Then we packed our bags and left for Nizwa where we stayed for one day. The next day we dive onto the pool in the hotel and had a lot of fun. Finally, except me every one went to al Futa cave . After they came back we started our journey back to Buraimi. We reached Buraimi at 1:00 am and said goodbye to each other. I was pretty sad to see this breathtaking journey come to an end but at the end of the day all of us had wonderful memories to look back at.

CHILD LABOUR

GOVIND PL - Class VI

Child labour is a kind of crime where children are violated to work at a very young age and do the duties just like grown-ups by practicing in business activities. As per the International Labour Organization (ILO), a rule has been established according to which children up to the age limit of fifteen should not be involved in any job forcibly. The use of the children for financial work makes children denied of childhood, proper literacy, mental, physical, and social well being. In some countries, this practice is completely forbidden; however, it has become an international matter in most of the states as it is ruining the future of children extensively.

In this article, I will discuss an Essay About Child Labour . World Day Against Child Labour is celebrated on June 12th every year.

Child employment a severe matter in most of the developing nations. Small children under the age of 14 are being involved in economic work activity by the people of high-class society. They are ignoring the reality that children are the future and hope of the nation. Millions of children are lacking in primary education and depriving their childhood in our country, which is a terrible warning. These children do not get the opportunity to live a healthy life since they are not delighted physically, intellectually and culturally in their childhood.

As per Indian law, children who come under the age group of 1-14 years are not allowed to be employed to any job forcibly by the parents or master in factories, offices or restaurants. It is commonly practiced in India and other developing countries in small scale industries, for domestic service, as a restaurant waiter, for rock breaking, like a shopkeeper's representative, in construction-site, for bookbinding, etc.

There are several reasons for child labor in our country. Some of the grounds of global child labour are similar; however, they differ from country to country. The most popular reasons are poverty, suppression of child rights, irregular education, inadequate rules and laws etc

THE KITE

STEVE SUVAL - Class VI

How bright on the blue is a kite when it's new!
With a dive and a dip
It snaps it's tail
Then soars like a ship
With only a sail
As over tides
Of wind it rides,
Climbs to the crest
Of a gust and pulls,
Then seems to rest
As wind fails.
When string goes slack
You wind it back
And run until
A new breeze blows
And it's wings fill
And up it goes!
How bright on the blue
Is a kite when it's new!
But a raggeder thing
You will never see
When it flaps on a string
On the top of a tree.

छोटी सी ज़िन्दगी

NYLA NASRIN - Class VI

छोटी सी है ज़िन्दगी
हर बात में खुश रहो.....

जो चेहरा पास न हो
उसकी आवाज़ में खुश रहो...

कोई रूठा हो आपसे,
उसके अंदाज़ में खुश रहो...

जो लौट के नहीं आने वाले
उनकी याद में खुश रहो..

कल किसने देखा है
अपने आज में खुश रहो...
