## MY FIRST AEROPLANE TRIP

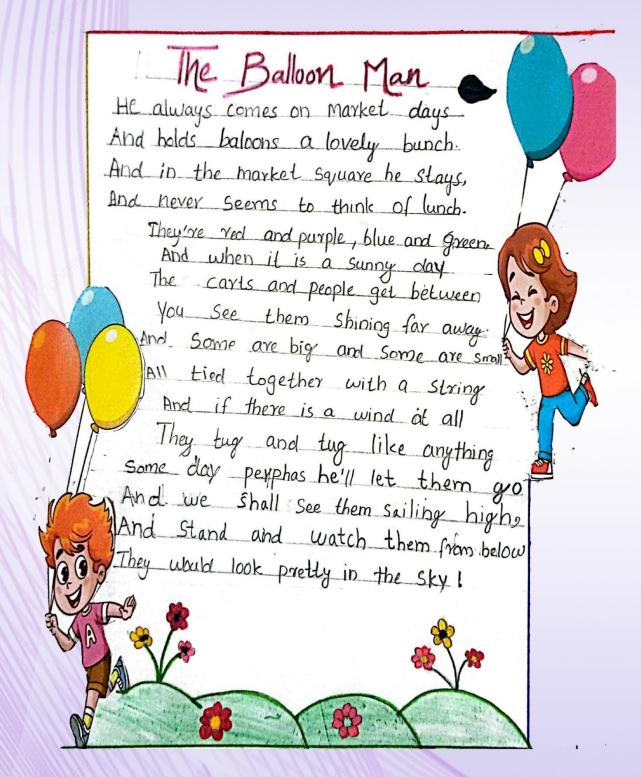

Last 3 years ago, I experienced my first aeroplane journey from Hyderabad to Delhi.I went with my family. On Thursday morning reached Indira Gandhi at International Airport we went through the baggage and security check then we got boarding pass. our's was an Indian Airlines plane. It big with was very many windows. Inside the aeroplane an air-hostess guided us to our seats. My seat was next to the window.

Soon the aeroplane was full. Then the air-hostess explained how to put on the seat belt and how to use the oxygen mask in case of emergency. The aeroplane took-off. I looked outside my window everything on the ground became smaller and smaller. Inside, the air-hostess served us with cold drinks, toffees and biscuits. It was an amazing trip.

## **MA HOBBA**

My hobby is crafting, and I absolutely love it. Crafting is like a magical adventure where I get to explore my creativity and bring my ideas to life. I enjoy using different materials like colorful papers, glue, scissors, and even some sparkly sequins. With these tools, I can create beautiful artwork and unique projects.

One of my favorite things about crafting is that I can make special gifts for my friends and family. Whether it's a handmade card, a colorful drawing, or a little crafty surprise, I know that they appreciate the time and effort I put into making something just for them.

Crafting also helps me learn new things. I discover how different materials work together, and I get to experiment with shapes and colors. It's not just about making things look pretty; it's about using my imagination and having fun while doing it. Sometimes, I like to turn simple objects into amazing creations. The wooden sticks can become a Penguin, and a paper plate can turn into a colorful Tortoise. Crafting allows me to see the world creatively, and it makes everyday objects more exciting.

In the end, crafting is not just a hobby for me; it's a way to express myself, make others happy, and learn new things. I can't wait to continue my crafting adventures and see where my imagination takes me next.
